

Potter Township

Authorities, Boards & Commissions

Get Involved in Local Government

Every day, decisions made by Potter Township officials affect you. Now is a great time to get involved. The Board of Supervisors has established many boards, commissions, and authorities that offer Potter Township citizens an avenue to actively participate in local government. You can put your talents to work to improve the quality of life in the Township for generations to come. Even if you don't have time to join a committee or board, opportunities are available at all levels of involvement.

These boards deal with health and welfare, social programs, environmental issues, agricultural preservations, economic development, tourism, architectural review and others.

If you would like to get involved, please visit our website at www.pottertownship.org for an application. For more information call our office at 814-364-9176.
